Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

<sup>1</sup> A "\*" following a place name indicates that the place is coterminous with a MCD; a "0" indicates that the place is also a false MCD; the false MCD name is not shown.

<sup>2</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

Figure 1 shows a collection of map symbols and their corresponding labels. The symbols are arranged in two columns. The left column contains: Highway (solid line), Secondary Road (dashed line), Jeep Trail/Kakwari/Path (dotted line), Railroad (line with cross-ticks), Military (blue dotted area), Pipe/Power Line (line with cross-ticks), Ridge/Physical Feature (line with cross-ticks), Property/Fence Line (line with cross-ticks), and Nonvisible Boundary (dashed line). The right column contains: Stream/Shortline (blue line), Intermittent Stream (blue line with cross-ticks), River/Lake (blue area), and Glacier (blue area with cross-ticks). Each symbol is accompanied by its label, which is either a standard text label or a stylized, italicized label.
